Ahhhhhhh, ooooooo, la la la.  
Ahhhhhhh, ooooooo, la la la.

Jenny's got a brand new car,  
She drives it past 90  
Up and down the stars boulevards  
She even looks the part.

And everyone on my block is getting bigger  
The handshakes are getting stronger than ever  
I like the way they walk.

But you don't got nothing but money,  
And the money gets the best of you.  
And then you're just another carbon copy that's riding a  
wave.

Ahhhhhhh, ooooooo, la la la.  
Ahhhhhhh, ooooooo, la la la.

The shots you took they went to your head  
You're playing Tom Petty better than he plays himself  
God bless you're used to your wealth

And look who's on the late night TV  
Your presence is stellar  
Andy always thought you were better back at his school  
indeed

But you don't got nothing but money,  
And the money gets the best of you.  
And then you're just another carbon copy that's riding a  
wave.

Ahhhhhhh, ooooooo, OOOO

Oh the big machines, how they push you through.  
You're climbing the stairs, you're going somewhere  
Congratulations!  
What you gonna do when they're all over you?  
I've seen it before, you're dropped at the door

No money, no more.

But you don't got nothing but money,  
And the money gets the best of you.  
And then you're just another carbon copy that's riding a  
wave.

I said you don't got nothing but money,  
And the money gets the best of you.  
And then you're just another carbon copy that's riding a  
wave on through.

I said hey man you don't know, because this means  
nothing to you.  
I said hey man you don't know, all the shit that I went  
through.
