"Sing Me To Sleep"

There is something
Watching, waiting
There is something
Passing, casting these shadows
How they make their way into my mind

And you'll sing me to sleep
You'll sing to me gently
And you'll sing me to sleep
You'll sing to me
And I'm not alone

There is something
Shining, calling my name
And who are you, what do you want?
I'll claim nothing
When you're whispering
The truth has made it's way into my head

And you'll sing me to sleep
Sing to me gently
And you'll sing me to sleep
Sing to me gently
And you'll sing me to sleep
Sing to me gently
And you'll sing me to sleep
Sing to me gently

And I'm not alone
