She looks like nothing you've ever seen  
She's built to dance she's a killing machine  
She's a man killer soul stealer you wont forget about  
her  
She walks the streets at night night night  
She's from the end from the end of time  
Watch out for that girl she's a beautiful machine  
She wont rest has no regrets  
Of the job she was sent here to do  
Watch out for that girl she's a beautiful machine  
She wont rest has no regrets  
Of the job she was sent here to do to me  
I fell in love with this beautiful machine  
I fell in love she's my everything  
She's a bad ass chick not made the same  
She's got a hard wired brain to drive a man insane  
So lets get to the point where you start posing  
And I'm make sure its with out clothing  
Your a mechanical chick with a mechanical heart  
Well come over here I'm a tear you apart  
Damn you look good in all that lace  
Come with Jay C were gonna party at her place  
Watch out for that girl she's a beautiful machine  
She wont rest has no regrets  
Of the job she was sent here to do  
Watch out for that girl she's a beautiful machine  
She wont rest has no regrets  
Of the job she was sent here to do to me  
I fell in love with this beautiful machine  
I fell in love she's my everything  
This could be the end of our kind  
This could be the end of our time  
Killed by beauty blessed by machines  
She's such a beautiful machine she's my everything  
She's the beat to my heart I knew it right from the start  
the start  
Watch out for that girl she's a beautiful machine  
She wont rest has no regrets  
Of the job she was sent here to do  
Watch out for that girl she's a beautiful machine  
She wont rest has no regrets

Of the job she was sent here to do to me  
I fell in love with this beautiful machine  
I fell in love she's my everything.
