Im no need
Shouldn't know better than to sleep with ure best friend
Come back here give me one more try

Chorus:
I can see my whole world changing
There's no need to live when I cant be with you
What I did was wrong im sorry
Didn't know how much I really missed you
I can see my whole world changing
There's no need to live when I cant be with you
What I did was wrong im sorry
Didn't know how much I really missed you
