I'm the one who never stop to fight, because the world
is fuck me up

a dirty hands is everywhere, violence times to much to
cry

all your best friends is only scarehead

but I'm only human, who need some love

just a little bit attention,
just a little love, just a little time for me, to flow my
tears

don't fuck with me, don't laugh at me,
don't shit at me, don't press charge on me

stupid boy who don't know nothing, use a fighting for a
better world

wrong if you thing you right, hot air is what you say

you must learn more to get what you need
