Soldier of fortune
He's a man of war
Just can't remember
What he's fighting for
Start a revolution
Right before your eyes
When you hear the big bang
Don't be surprised
Showdown at big sky
Darkness at high noon
Showdown at big sky
That day may be soon
People, people
Can you hear the sound
From every village and every town
Let the bells ring out
Hear the bells ring in
Let the bells ring out
Keep them ringing, ringing
Can't predict the future
Can't forget the past

Feels like any moment
Could be the last
All you believers
Standing inside this room
Can't you see it coming
Shooting out across the moon
Save this place
In the valley of tears
By the river of time
From weapons race
In the Book of David
In the holy night
When it's laid to waste
It will be written
By the children of Eden
I said save this place
And the Holy Ghost
Showdown at big sky
Darkness at high noon
Showdown at big sky
That day may be soon
People, people
Can you hear the sound
From every village and every town
Let the bells ring out

Hear the bells ring in

Let the bells ring out

Keep them ringing, ringing

Save this place

In the valley of tears

By the river of time

From weapons race

In the Book of David

In the holy night

When it's laid to waste

It will be written

By the children of Eden

I said save this place

And the Holy Ghost

Showdown at big sky

Darkness at high noon

Kiss tomorrow goodbye

That day could be soon

Give us strength

Give us wisdom

And give us tomorrow

Let the bells ring out

Hear the bells ring in

Let the bells ring out

Keep them ringing, ringing

Let the bells ring out

Hear the bells ring in

Let the bells ring out

Keep them ringing, ringing
