Look over yonder, Apollo at a distance

You can hear his music if you listen to the wind (blow)

I want to be there - I want to be right there

Bear witness, I'm wailing like the wind

Come bear witness, the half-breed rides again

In these hands, I've held the broken dream

In my soul, I'm howling at the moon

Testimony, testimony

Declare yourself - I will testify

Testimony, testimony

Speak the truth, I will testify

I had a revelation like runaway horses

Took to the road with a carnival show (roll on)

Those golden days on Smokey Mountain

Playing guitar in a one man band

Bear witness, I'm howling at the moon

Come bear witness, I've danced among the ruins

In these shoes, I've walked a crooked mile

All my life I been searching for the nightbird

Testimony, testimony

Declare yourself - I will testify

Testimony, testimony

Speak the truth, I will testify

Are you ready to take the heat

Are you ready to blow the steam

Are you ready to bag the street

You got nothing to lose - but your chains

For forty days and forty nights

I come across the desert

Apollo right by mide side (rave on)

Bear witness, I'm wailing like the wind

Come bear witness, the half-breed rides again

In these hands, I've held the broken dream

In my soul, I'm howling at the moon

Testimony, testimony

Declare yourself - I will testify

Testimony, testimony

Speak the truth, I will testify
