You got a look down and dirty  
Just like a dog without a bone  
Someone up and took my lady  
Better get it to you back home  
Gonna be suspicious  
More suspicious from now on

To long howling at the error  
To long growling at the door  
To long running round in circles  
Won't be kicked around no more  
Gonna be suspicious, yeah  
More suspicious from now on

Gonna be suspicious  
More suspicious from now on  
He didn't look down and dirty  
He didn't mean to make a stand  
He didn't down getting angry  
This stealing water from my well  
Gonna be suspicious  
More suspicious from now on  
Gonna be suspicious  
Yeah suspicious from now on
