Let's throw a party, let's invite everybody
Let's drop some glasses on the floor
Turn up the noise, have some fun with the neighbors
Let's have them bangin' on the doors
We're havin' a party, everyone is invited
Welcome to our wedding night
Ring up some friends and ask them all over
Let's do this whole thing up right

Then we'll turn out the lights when they've all said
goodnight
Let the sweet wine of life ever glow
Turn out the lights when they've all said goodnight
Let the sweet wine of love overflow

Yes and down in the streets where they're wheelin' and
dealin'
The corner crowd'll see the light
And they'll smile at the window, oh they know how
we're feelin'
Welcome to our wedding tonight

Yes we'll turn out the lights when they've all said
goodnight
Let the sweet wine of life ever glow
Turn out the lights when they've all said goodnight
Let the sweet wine of love overflow

And we'll turn out the lights when they've all said
goodnight
Let the sweet wine of life ever glow
Turn out the lights when they've all said goodnight
Let the sweet wine of love overflow
Let the sweet wine of love overflow
