Tonight this cunt will pay.
My dick will beat her face.
Her life and her cunt are mine.
This slut shall now see.

All night on this bitch I release my piece.
Yes. Yes. I am the man.
And I will kill when I can.
You can try to run.
Burt your done.
Run.
Gun to your head.
One more sound and your dead.
Kick in your teeth.
With my cock piece.
Sweet labial meat.
Her inside out twat.
Tastes great to eat.
Dripping and slipping and oozing and flowing with spit.
This vile slit.
Will ghost ride my prick.

Blood pours from her tender throat.
I left her bound to a tree.
Nude. Mangled. Butchered and Blasted.
Now these skanks know not to fuck with me
