I don't go where you go
I just try to keep you
Satisfied
You say that I'm crazy
My whole world is hazy
Seems like my whole world is
Just a lie
I've got just one chance to make it real
I need happiness and love to feel
You might think I'm easy
But I won't be a slave to your love (Not again)
A kiss can always tease me
But it won't make me a slave to your love (Oh no)
I've got plans I'm making
My soul you're not taking
I can't live my life in
Misery
I just have to find you
Someone to wine and dine with
A glass of champagne and
Reality
Going forward with my mind at ease
There's someone I need to please and that's me
You might think I'm easy
But I won't be a slave to your love
A kiss can always tease me
But it won't make me a slave to your love
Gonna drown myself in glory
Gonna make my dreams come true
And I won't have to play your way
The ship sails on without you
You might think I'm easy
But I won't be a slave to your love
A kiss can always tease me
But it won't make me a slave to your love
You might think I'm easy
But I won't be a slave to your love
A kiss can always tease me
But it won't make me a slave to your love
You might think I'm easy
But I won't be a slave to your love

A kiss can always tease me
But it won't make me a slave to your love
You might think I'm easy
But I won't be a slave to your love
A kiss can always tease me
But it won't make me a slave to your love
You might think I'm easy
But I won't be a slave to your love
A kiss can always tease me
But it won't make me a slave to your love
