Fraulein
Lips like cherry wine
Kissed me and then
We were in Berlin

Seorita
No love would be sweeter
Lovin that lets me go
To Spain and Mexico

Youre my international baby
I dont mean maybe, no
To me youre every woman in this world
Youre my girl

Polynesian flower
Youre the lady of the hour
No one makes Honolulu
Like I know you do

Little lotus blossom
No sense playin possum
Together you know we go
Lovin in Tokyo

Youre my international baby
I dont mean maybe, no
To me youre every woman in this world
Youre my girl

Youre my international baby
I dont mean maybe, no
To me youre every woman in this world
Youre my girl

Soft and sweet
Yeah

Sweet bird
With every tender word
Youre takin me on down

To London town

Sister, sister, sister
Im the envy of every mister
Rhode Island to San Diego
They envy me cause they know

Youre my international baby
I dont mean maybe, no
To me youre every woman in this world
Youre my girl

Youre my international baby
Dont mean maybe, oh
To me youre every woman in this world
Youre my girl

Youre my international baby
Dont mean maybe, no
To me youre every woman in this world
Youre my girl

Soft and sweet
Ooh...ooh...

Youre my international baby
