But I don't know if there's anything left to say

You know that I'm sorry But I'm way too proud I'm full of
excuses that I can't let out And you are the reason that I
can't sleep now

Cause I don't wanna live

Without your love Just let go

Cmon and give her up

Cause you know

That love was meant for us

Now I'm close, To ending up alone

I just hope That you will always know

I'm wide awake

I listen to you breathing while you're sleeping

I check your pulse to make sure that you're still alive

I know that you're always right

And I'm to blame But I won't ever admit it

No I will never change You know that I'm sorry

But I'm way too proud I'm full of excuses that I can't let
out

But I know, that I was wrong

And I will make it up to you

Cause I don't want to live Without your love
