Falling and falling on me  
Every time I walk under a tree  
Yellow leaves and orange leaves  
And I feel like something  
I have felt before  
And feel like every every year  
The fall is very very near.

Whiter and whiter everywhere  
Frozen but somehow happier  
Snowing but I don't really care  
My nose is cold and I shiver like a fly  
But I don't think of it that way  
My mind is somewhere else today.

Brightness is in the air  
And a sunny atmosphere  
Even though it's cold outside  
Then the birds are singing  
And the grass is getting greener  
I think I haven't ever stood  
On road that seems so really good

Sun shine all over me  
I'm feeling so happy  
Summer it's summer now  
And it's warm outside and smiling all day long  
Happiness I will always send  
I hope this summer will never end.
