Boy listen carefully to me now,  
Cause this is something every man should know.  
Oh this is a lesson about how  
You treat your girl right just let it show,  
That you love her that you need her say,  
That you want her in every way.  
You gotta show your girl a little respect,  
Or you won't get nothing back but hate.

It's those little things that mean so much,  
You gotta treat her right,  
Or get out of her sight.

Do you really want me am I really special,  
Taking is so easy boys giving back unusual.  
If you really want me don't make me wait too long.  
Respect and love is the key just listen to my song.  
Safe is how she wants to feel,  
Protect her with all you've got.  
Oh she wants to know your love's for real,  
And be a good lover make her hot,  
Then she'll do everything love you day and night.  
She'll do anything just do her right.  
It's those little things that mean so much,  
You gotta treat her right  
Or get out of her sight  
Chorus

Girls don't give up, give your best,  
No part time job, no time to rest.  
Let him know what's up before,  
So he can give you more and more
