I'm a good angel
Contract for the earth
And the red light
Is real haunted red

Spy like an angel
Staring through a window
She's lying on her bed
And a priest under

I hear her breath
Does she hear my breath?
Breathing, I hear her breath
Breathing, under her bed

Breathing
Breathing

But I am the star
And the rain, life
I see the eyes
And the stars and the rain

Life, I see the red light
She's red
Real red, real red

Breathing
Breathing
Breathing

The eyes and the stars
And the rain, life
I see the eyes
And the stars and the rain, life

I see the red light
She's red
Real red, real red

Real red
