Hey baby  
La da di da da da

Hey baby  
I know its late but I wanted to see  
How you were doing  
So how are you doing?  
Mistakes, I know I made but I wanted to say  
Baby I'm willing to make things right

Refrain:  
Can we talk a while?  
About anything and everything if there's anything  
I can do to make it right  
Cause I miss your smile  
And lately girl I haven't been myself  
And I wanna take this time to say

Chorus:  
I don't wanna settle for the one that I don't love  
(And I)  
I can't see myself with nobody else but you love  
Honey if you could only see  
That there's nobody else in this world for me  
Then maybe then you'll see  
Why I need you desperately

Now baby (baby x2)  
I know there are times when you worry bout  
You and me  
Don't you worry bout a thing  
Cause your like water  
Except I need you more than eight times a day, you're  
essential  
More important than the air I breathe

(Refrain)  
(Chorus)

Looking back on all the loves that I had before  
I didn't see forever in their eyes

But when I look at you  
I see you in the picture of my life  
Baby then you'll see  
Why I need you  
Desperately  
I love you baby  
Why I need you desperately  
La da di da da  
(chorus)
