how do i ask her to come back to me  
after i told her goodbye  
how do i love her so desperately  
ever so long i pushed her aside  
how do i walk back into ther life  
when im the one who walked out on her  
how do i ask her to see me again  
i told her i wasn't sure we could be friends

god, can you whisper in her ear  
anywhere on the way to her car  
fore the wind blows her too far a  
away from my heart  
can you whisper in her ear  
anytime while she's lying on her bed  
can you tell her everything that i said  
everything that i said

how do i try and explain everything  
when nothing i say seems to fit, oh no  
how do i get her to pick up the phone  
how did we ever get like this  
tell me what kind of man that loves simple way  
and leave such a good thing behind  
holding my hands pressed  
praying to find a way to fill in this holde  
i have inside

god, can you whisper in her ear  
anywhere on the way to her car  
fore the wind blows her too far a  
away from my heart  
can you whisper in her ear  
anytime while she's lying on her bed  
can you tell her everything that i said  
everything that i said

god, can you whisper in her ears  
anywhere on the way to her car  
fore the wind blows her way too far a  
away from my heart

can you whisper in her ear  
anytime while she's lying on her bed  
can you tell her everything that i said  
everything that i said
