The nights are wearing me down
And it's hard getting through the day
'Cos I need you right now
And right now you're so faraway
I guess I should have known
That I'd end up this way
But I swear I'll come home
And then nothing will drag me away
Don't you ever leave me baby
Don't you ever leave me now
Don't you ever leave me baby
If you leave me you will kill me now
The lights are slowly going down
On Lexington Avenue
And me, I'm all alone feeling the tears
falling down from my eyes
A subway train is passing by
Driving into the Darkness
I jump inside 'cos I ain't got
nowhere to sleep tonight
Don't you ever leave me baby

Don't you ever leave me now

Don't you ever leave me baby

If you leave me you will kill me now
