My little lover's gonna be another

Copy of Raquel Welch

I'll build her a house and a maid named Jill

And spend the rest of my life down in Beverly Hills

I'll never have to feed her

And she'll stay pretty all the time

(Oh, yes she will...)

I love the way she's gonna rock and roll

From the early morning 'til late at night

Non stop rock'n'bop and she'll never ever die

When I want money she can go to work

As a roadie for Adam Ant

And if he comes on strong he'll be in for a shock

'Cos she'll open his face and clean his clock

I'll never have to feed her

And she'll stay pretty all the time

Rock'n'roll

My little girl, the best in the world

Softer than steel, she's alarmingly real

My mechanical girl, my satanical pearl

You the best in the world

Wild thing, I think I love you

My little lover's gonna be another

Copy of Raquel Welch

I'll build her a house and a maid named Jill

And spend the rest of my life down in Beverly Hills

I'll never have to clean her

And she'll stay pretty all the time (Oh yeah
