I'm gonna take a holiday, leave somewhere far away

I won't be back for a while, for a long, long time

I wanna get away from the west to the place that I like  
best

And where the nites are long and the girls are pretty

I'm-a-going to rock 'til I drop, around the clock

Ain't never ever gonna stop, gonna

send you a postcard from Hanoi, I won't be comin' back

so beware my babe - I am ten thousand miles away

Chinese girls make me happy, it's enough if I tell 'em

I'm not from the USA, and they believe every word I say

Hanoi Rocks every mornin', at night I fall asleep to the

smell of romance

As I see my geisha-girl dance

I'm-a-going to rock...

'round and 'round the world goes around

I used to believe I was such a happy guy

Now I've found my place on earth

Leaving for Europe just can't be worth

Baby, baby, won't you take my hand

to Aikido garden well, you understand

Propaganda surrounds us but never mind what they  
say

I ain't going back home, I ain't going back home -

Chinese guys make me heavy, it's enough if I tell 'em

I'm not from the USA, and they believe every word I say

Here is no holiday 'cos holiday is everyday

And let me tell you the truth:"if I'd leave I'd be a fool!"

I'm-a-going to rock
