Do you know how it feels  
to long for something  
that no one knows a thing about  
Have you ever thought of  
throwing it all away  
and take the chance to fade away

I wanna know - what happens  
I need to see - what I become  
when I cross over to the other side  
I wanna die - I wont go on  
I need to see - what I become  
when I cross over to the other side

I'm thinkin about ending my life  
but I'm not sure if I can do it  
But I'm getting convinced  
this is the only way  
I just can't stand it day by day

I wanna know - what happens  
I need to see - what I become  
when I cross over to the other side  
I wanna die - I wont go on  
I need to see - what I become  
when I cross over to the other side

Now i've done it all  
I've crossed all the lines  
I've been searching for a thrill  
I've been walking thru' vines  
Can you really blame me  
for what I'm gonna do  
I can't find a reason  
to live a life like you  
I am focusing my mind  
Don't wanna waste any time  
Couriosity is creeping up my spine  
I ain't gonna wait for a sign  
I put the bullet in my gun  
There's nothing more to it

just close your eyes and do it

Now I'm sure  
that this is the only way for me  
No one can stop this from happening  
The time has come  
to leave everything  
(I'm sitting here with my way out)

I wanna know - what happens  
I need to see - what I become  
when I cross over to the other side  
I wanna die - I wont go on  
I need to see - what I become  
when I cross over to the other side  
when I cross over to the other side
