Never gonna climp up
Never gonna fall down
I'm just gonna stay here
Where I can't be found

I've found an hideout where I can be alone
There's no one out here and they're never gonna come
This place is dreadful but I don't really care
I'll just put up with it cus it's worth it
I swear

Never gonna climp up
Never gonna fall down
I'm just gonna stay here
Where I can't be found
Never gonna climp up
Never gonna fall down
I'm just gonna stay here
Where I can't be found

Never gonna climp up
Never gonna fall down
I'm just gonna stay here
Where I can't be found
Never gonna climp up
Never gonna fall down
I'm just gonna stay here
Where I can't be found

It's getting cold here I'm having second thoughts
The paranoia is tearing me apart
I paint the walls with blood to reflect my inner scars
I thought I'd make it but I realise
I can't

Never gonna climp up
Never gonna fall down
I'm just gonna stay here
Where I can't be found
Never gonna climp up
Never gonna fall down

I'm just gonna stay here
Where I can't be found
