Tell me how to live my life  
but first you've got to convince me  
that your way is fucking right  
and never will confine me  
Look at your self  
think of what you're doing  
trying to escape you destiny  
but it will find you sooner or later  
and it will get you down

My own reflection is telling me that  
it's to pickup my baseball bat  
and fight for my own liberation  
now it's time for the last elimination  
now it's time to fuck the whole nation

The day will come I promise you  
the day we don't know what to do  
you've learned how to lie  
you've learned how to make  
money of people you know how to break  
The wall that you've built up around you  
is soon gonna break and it's gonna hurt to  
So now you have your chance to speak  
or do you wanna play some hide and seek

My own reflection is telling me that  
it's to pickup my baseball bat  
and fight for my own liberation  
now it's time for the last elimination  
now it's time to fuck the whole nation

Break the wall for once and all  
Break the wall and let your dynasty fall  
Break the wall for once and all  
Break the wall and let your dynasty fall

My own reflection is telling me that  
it's to pickup my baseball bat  
and fight for my own liberation  
now it's time for the last elimination

My own reflection is telling me that  
it's to pickup my baseball bat  
and fight for my own liberation  
now it's time for the last elimination  
now it's time to fuck the whole nation
