(Janet Weiss:) Aaaaghh!  
(Frank'n'Furter:) Rocky!  
I'll tell you once  
I'll tell you twice  
You'd better wise up Janet Weiss  
Your apple pie don't taste too nice  
You'd better wise up Janet Weiss

I've laid the seed, it should be all you need  
You're as sensual as a pencil  
Wound up like an E or first string  
When we made it, did you hear a bell ring?  
You got a block well take my advice  
You'd better wise up, Janet Weiss  
The Transducer will seduce ya

(Janet Weiss:) My feet! I can't move my feet!  
(Dr. Everett Scott:) My wheels! My God, I can't move my wheels!  
(Brad Majors:) It's as if we're glued to the spot!  
(Frank'n'Furter:) You are! So quake with fear, you tiny fools!  
(Janet Weiss:) We're trapped!

(Frank'n'Furter:) It's something you'll get used to  
A mental mind fuck can be nice

(Dr. Everett Scott:) You won't find Earth people quite the easy mark  
you imagine. This sonic transducer it is, I suppose,  
some kind of  
audio-vibratory, physiomolecular transport device  
(Brad Majors:) You mean....  
(Dr. Everett Scott:) Yes, Brad. It's something we ourselves have  
been working on for quite some time. But it seems our friend here  
has found a means of perfecting it. A device which is capable of breaking  
down solid matter and then projecting it through space, and who knows

perhaps even time itself.

(Janet Weiss:) You mean, he's gonna send us to another planet?

(Frank'n'Furter:) Planet, schmanet, Janet!

You'd better wise up, Janet Weiss

You'd better wise up

Build your thighs up

You'd better wise up

(Narrator:) And then she cried out.....

(Janet Weiss:) Stoooooooooooooop!
