I keep crashin'  
Into parked cars

Waitin' for a horse  
And it's blue rider'

Followed you that night  
You tasted lucky

We staggered blessed  
Your scars they... matched my dress

Never mind,  
The happy ending

Maybeline eyes  
And trampolines

Old tattoos  
Burned, in their parlors

Christmas lights and mangers  
Spook you cold

Lazarus Heart,  
Lazarus Heart,  
Lazarus Heart

We forget,  
We risk,  
We're tired,  
We're true  
Veils and whispers  
Rivers of ether

Cigarettes and perfume  
...a single gunshot,  
To the foot

We staggered blessed  
Your scars they... matched my dress

Lazarus Heart,  
Lazarus Heart,  
Lazarus Heart

Ready to drift  
Flat out forget  
Pull up and quit  
Look past the shit  
We go nowhere  
...we just get smaller,  
In the distance

Said you wanna' see  
What I look like inside  
Drew a hangman on a napkin  
And you started laughin'  
Don't take prophets to see  
This world will need  
It's sorry chances
