"Take Me"

Take me,
And take me to your darkest room
Close all the windows
And bolt all the doors
From the first moment, I heard your voice
I'll be in darkness no more

Take me,
To your most barren desert
A thousand miles from the nearest sea
The very moment, I saw you smile
It was like heaven to me

There's [?] [?] mountain to rugged (?) to climb
No desert to barren to cross
Darling, if you would just show me a sign
Of love, where I could build your [?]

(inst.)

Take me,
To Siberia
The coldest weather of any wintertime
And it would be just like spring in California
As long as I knew you were mine

Take me
Take me
Take me
Take me
