"The Night Watch"

Visit "[The Night Watch](#)" on MotoLyrics.com

I'm the nightwatchman and nothing gets behind my back

Work out at the goldmine in a tin can shack

Don't come up behind cause I won't be mincing my words

Don't play twenty questions with all of the scavenger birds

I'm the nightwatchman

It's up to me and the devil to do all the dirty work

Got a thousand dirty secrets rolled up in the sleeve of my shirt

Don't come up behind me, I will be playing for keeps

Don't do this for good looks, I'll do this so someday I'll sleep

I'm the nightwatchman

I know about secrets, I know what secrets are worth

Gold is a secret, they're draggin it out of the dirt

Yes, I'm the nightwatchman
