Through The Years

I can't remember when you weren't there

When I didn't care, for anyone but you.

I swear we've been through everything there is

can't imagine anything we've missed

can't imagine anything the two of us can't do

Thought the years you've never let me down

you've turned my life around

the sweetest days I've found, I found with you

through the years I've never been afraid

I love the life we've made

and I'm so glad I stayed,

right here with you

through the years.

I can't remember what I use to do

who I trusted who, I listened to before.

I swear you taught me everything I know

Can't imagine needing someone so

But through the years it seems to me

I need you more and more

Through the years through all the good and bad

I know how much we have
I've always been so glad to be with you
through the years it's better everyday
you've kissed my tears away
as long as it's o.k.
I'll stay with you through the years
Through the years when everything went wrong
together we were strong
I know that I belong right here with you
through the years I never had a doubt
we'd always work things out
I've learned what life's about
by loving you through the years
Thought the years you've never let me down
you've turned my life around
the sweetest days I've found, I found with you
through the years it's better everyday
you kissed my tears away as long as it's o.k.
I'll stay with you through the years
