You were the one that picked up the drink
You were the one that had to free
Look at your head
Makin' a mess
Even the people around you confess
Licking your lips and tasting the glass
Bought from the guy who's making a pass
Look at his hands not of your man
Everything blurry and you cannot stand up

Oh babe if you go home with with him
Then you might just end up falling victim to the kiss
Oh babe if you survive the night
Then you might just wake up feeling like your
paralyzed

Look at your feet dragging on the floor
Carried away right out of the door
Is she ok
Get her home safe
Give us a sign put your hands up and wave
Everyone thinks that he is a friend
No one suspects that they've never met
Run get away
Fast as you can

Before its too late and you cannot stand up

Oh babe if you go home with with him
Then you might just end up falling victim to the kiss
Oh babe if you survive the night
Then you might just wake up feeling like your
paralyzed
X2

Falling fast to the rhythm of the music one last dance
Hold on tight to the sheets that cover the bed while you
sleep with open eyes

Oh babe if you go home with with him
Then you might just end up falling victim to the kiss
Oh babe if you survive the night

Then you might just wake up feeling like your
paralyzed

If you go home with him
Then your paralyzed
If you go home with him
