"After The Rain"

Through the ashes, through the fire through the
corpses, we remain.
Inside the anger, the flame burning, the memory will
leave it's stain.
Only the strong, who wouldn't fall, will survive, to see
the day.
For the angel, will have fallen, you'll never rise, after
the rain.

CHORUS

After the rain, after all the pain,
The memory will leave it's stain, after the rain

Pulling your strings with the wires crossed, the
darkness of your life will leave you lost
Choose the wrong path and it's gonna be a bloodbath,
through emptiness you cant turn back
So the strong, who stand tall, who believe, they'll
remain.
Above the corpses, and the ashes, they'll survive after
the rain

CHORUS

After the rain, after all the pain,
The memory will leave it's stain, after the rain

BRIDGE

Through the rain, and what has been, through
everything in between
The memory has left has left it's stain, have you
figured it out have you ever feltâ€¦.PAIN
Through the ashes, through the fire, through the
corpses, we remain

Beyond the anger, the flame burning, the memory will
leave its stain.
And the strong, who didn't fall, will survive, to see the
day.

For the angel, will have fallen, you'll never rise after the
rain

CHORUS

After the rain, after all the pain,
The memory will leave it's stain, after the rain
