I'll be fine  
I'll take my time  
If I take it slow  
Then I'll start to grow

I'll find my way  
I'll start today  
On my journey  
For a better place

I need to breathe, get outta my face  
I need to breathe, give me some space  
I need to live, get outta this place  
Show me a good sign  
Just in case!

I don't wanna die  
I got the rest of my  
Life ahead of me!

#### CHORUS

You shut me off  
Throw me out  
Thanks to you  
I'm nothin' now  
Leave me now  
Go away  
Coz you don't care what I have to say

Here it comes  
It's my ticket out  
I proved you wrong  
I knew you had your doubts

Just won't let me be free  
But now can't you see what's happening to me

I need to breathe, get outta my face  
I need to breathe, give me some space  
I need to live, get outta this place

Do not rush me  
I'll keep my pace!

Not ready to die  
I wanna beat my  
Life expectancy
