This is the world of the untamed,
Nobody knows the truth cause everyone is insane,
Everyone's what they think they can be,
But none of them know they're part of someone's
dream.

YEAH!!

This is the world of the untamed,
Nobody knows your name & you should keep it that
way.
Do you understand what this means?
Everyone is part of my dream.

CHORUS

Living in the world of the untamed
There is no regret & there is no shame.
Everything you've done was a waste of time,
You don't even matter cause you're stuck in my mind.

Anyone can lay the blame,
In a world where everyday is the same.
Slow down, Keep your pace,
Turn around & I'll spit in your face,

YEAH!!

This is the world of the untamed,
Your life, is just a game
Your life, is just a dream.
If you just come closer then you'll see what I mean.

CHORUS x2

Head down, eyes on the ground,
All is quiet- there is no sound,
Turn off the lights, go to sleep,
I woke up and it was just a dream.

Or could it be me who's stuck in a dream,

Do you live a life that's free?
Now I look at this world I've made,
It all turns black & the dream starts to fade.
