Underneath the nothing
You will find me
Talking to myself
Waiting to be seen
Will no one ever notice
Will people ever trust
For this I cannot answer
In the darkness where I rust

PRE-CHORUS

In this hole
In this hole
This gaping hole
In this hole

V2
Waiting for an answer
Answers wait for me
Holding onto nothing
Is all I can believe
When will people realize
When will people see
I'm screaming at the top of my lungs
Why won't you fucking talk to me

PRE-CHORUS

In this hole
In this hole
This gaping hole
In this hole

CHORUS

Underneath the nothing
I will search for something
Waiting for a lie
That never comes
Hold on a moment longer
I try to find my pulse

I let go of this lie
The lie that never comes

Repeat V1
Repeat PRE-CHORUS
Repeat CHORUS
