

Turning The Tides

"Red Eyes"

Time has passed since the days we used to meet.
Days turned to months and months turned to years.
Now I can see so clear
That I wasn't there, no I wasn't there.
These are regrets, that I'll never forget.

So don't look back at me with red eyes.
I learned from my mistakes.
Even though I acted like shit
I hope your wounds are healed.

You killed the part of me who cared.
This is a burden that I can not bear.
Awaking feelings of sorrow.
I don't recall you being so hollow.
You killed the part of me who cared.
You'll never amount to anything.

So don't look back at me with red eyes.
I learned from my mistakes.
Even though I acted like shit
I hope your wounds are healed.

Where will you go from here?
Where will you go, where will you be?

Now that we've come to this
Just know you won't be missed.
Cause this wasn't right from the start.
We should go our separate ways
Cause this is not our place.
