Fall and fall once more, never to be seen again.
I'm losing sight of what I used to be.
A journey without purpose
A path without meaning.
This road has no clear directions.

BOUNCE.

I stumble and fall
I need some solid ground to stand on.
Devouring lies, they claim to heed your cries.
I can't see the sky through the clouds.
Devouring lies, they claim to heed your cries.

And you will
Rise up, rise up
Higher than you've ever been before.
Rise up, rise up
You don't have to feel like this no more (no more).

You laid your hands on the ones who drove you back.
Go back in time, and you will realize this.

Pull me up, I'm sinking.
I need to feel your heart beating next to mine.

Devouring lies, they claim to heed your cries.
I can't see the sky through the clouds.
Devouring lies, they claim to heed your cries.

And you will
Rise up, rise up
Higher than you've ever been before.
Rise up, rise up
You don't have to feel like this no more.

(Woah) Carry me home to where I belong.
(Woah) Carry me home.
(Woah) Carry me home to where I belong.
(Woah) Carry me home.
