the smell of day, you're infect the worst, what's this  
sometimes, you get nothing in return, you're not a frier  
frier for us, the regrets one, between my arm, what's  
that, the world forever gone.

for spending all your lies, for you we walk this time  
(I've got this time) forbidden this  
these' nothing to be, nothing to be Nothing, I just peek  
they We're got to pain got to pain Got To.  
Sincerer day, for stain my bright, for signs without  
nothing eyes  
chepp it and sets to wright, you're not a frier frier for  
us, the regrets one(the regrets one), between my arm,  
what's that, the world forever gone.

everyone who take your lies, for you we walk this time  
(I've got this time) forbidden this  
these' nothing to be, nothing to be Nothing, I just peek  
they We're got to pain got to pain Got to,  
eye for your rejects, you're name what you pay, all of  
me  
forbidden this  
these' nothing to be, nothing to be Nothing.

For 'cept me all your lies, everything you sad you lie,  
inside this straight good fight.  
...'cause you will balk this torn!  
eye, forbidden this  
these' nothing to be, nothing to be Nothing, I just peek  
they We're got to pain got to pain Got to  
Eye for your rejects, you're name what you pay, all of  
me  
forbidden this  
these' nothing to be, nothing to be Nothing (these'  
nothing to be, nothing to be Nothing, I just peek they,  
you're name what you pay, all of me).
