Let's open this book  
One more time  
Turn the page  
And bleed from the inside  
The haunted secrets  
That we find  
Are the final chapters  
To our lives

Here comes the overwhelming  
Tragic faerytale  
That never seems to thrive  
This is the unfortunate mess  
That never stood a chance  
Someone silence her  
Stitch up, her wrists of wasted time  
Put a bullet in her mind  
Nail the casket for the final time

This is what I see staring back at me  
Visible failures  
We've made into a lovely disaster  
Welcome this is your life

This is your life

Superhero who is searching (for his)  
One true mary kaye smile  
Reaching for his one true damsel  
With rapids arror of poison desire  
One to fuel his fire  
Welcome this is your life

Like them we are much the same  
With devils amongst us all  
Welcome this is your life

This is your life
