Pulled the triggers calm  
(Repeat)

Crashed guitars  
Two felons emerged as rock stars  
Shots fired  
Influenced by Heat  
Breaths taken  
Both retired for life  
Reclaimed in this Day of Long Knives  
The News media unites  
To shoot video  
That army of two  
Bullets ricochet of their armor  
Through the TV screen and on to you

(Repeat)  
Chorus:  
Pulled the triggers calm  
Madman was snipped  
His co pilot killed with about 3 mil.  
Overpowered one time  
Couldn't do a thing  
To their bulletproof armor  
Till they caught him in the head  
(Repeat)

Tombstones with no name  
Inscribed in stone  
Pennywise from where the thoughts float  
These paper boats  
Attract these kids for the cut throat  
Their last quote  
Make a dash for the remote  
Thousand flashes  
Criminal fame  
Strikes this viewer's vein  
My mainframe  
Stored vision  
My fists exposed my knuckles  
Been clinched  
Hold upon my pencil

I'm image building  
My imagination stretched  
One man in a ski mask  
Police clashed  
His neck caught a hot one  
His heavenly light flashes  
Then the lights dim  
The second gunman  
Sparks  
Shots fired  
Death, by his own hand

Chorus:  
Pulled the triggers calm  
Madman was snipped  
His co pilot killed with about 3 mil.  
Overpowered one time  
Couldn't do a thing  
To their bulletproof armor  
Till they caught him in the head  
(Repeat)

Victims caught shots  
Call a ambulance  
To clear one's lungs  
Blood loss  
Dizziness brought upon  
This clever tongue  
Among this viewing audience  
The tele  
Structured my mind with images of songs  
Media characters in the area  
They set fire to the Branch Davidian  
Made Capone the crowned king of Prohibition  
First liquidation  
Bullied kids  
Their last resort annihilation  
Their minds abyss  
Their minds a bottomless pit  
This manslaughter sold into a wholesale murder  
Click the tele off  
Then I roll, smoke, then I ride  
In this Day of Long Knives  
(Repeat)  
LA Robbery  
(Repeat)
