Silent thinkers spark owls  
Silent thinkers spark owls

Slap jack  
Pitty pat  
Spades and all is being played  
Sporting low cut fades  
Puffin owls  
Allows my kin to push through the keg crowds  
As my view on the world sells out in ghost towns  
Sup cats  
Chillin?  
Mad pounds  
We passin bats  
And Chris G's Epic rims shine like Shorty Smooth's  
Gold caps  
My clever raps  
Avoid the phone taps  
To late we hit  
Dash hide the stash  
Fatigue pit  
Clip flip then dip  
Hidden by the Half-Lit Eclipses's rhyme spit  
My pants a hangin  
My Budweiser beer head bangin  
Tipsy  
E&J brandy  
Mr. Greens got the whiskey  
Lil' kitty cat frisky  
I'll fuck it  
Tuck it in then split  
Be out gold thoughts no doubt  
Olympus mount  
My count drac  
My eight track record my vocals  
Phat beats  
You best retreat  
Your button pushed ejector seat  
My mild freak  
Seven heads smoking fuck the papers  
Split the blunt and catch the Optimo vapors  
Be high like skyscrapers

Locate E.T. space capers

Chorus

Who's smokin' in this  
Silent thinkers spark owls  
Who's smokin' in this  
Who's smoking in this revolution pow

Your lack of observation  
Is the key on my lyrical invasion  
A shot to your blind spot  
Tunnel vision  
Dusted decision  
Reach this elevated position  
I'm Wally Sparticus  
Please pardon my  
Behavior in which you savior  
As I'm tossin' up 63 flavors  
On moons, temples, and tombs  
My Techniques mix  
My mic my crucifix  
Sparks that blunt as I flip shit  
Your solo illusion is mass confusion  
Don't hate  
Regulate  
Your fate depends on how I penetrate  
Bodies with this tongue shotti  
My slugs explode through chest plates  
Blue prints of my escape  
Copy write this is my shit kid  
I Smoke weed while getting head  
Never disrespect the dead  
Brain scan this sphere  
Find my writings overcome Shakespeare's  
Poems  
Phone tap homes  
Activity  
I'm never caught  
To smooth lyrically  
I'm a nationwide terrorist  
Fatigue mist C-4 bits explode  
Dismiss  
Overseas scene  
Pass the Hennessey  
Oh shit they just bombed the U.S. Embassy  
The world's corrupt  
Rotten cotton clouds  
Rain  
Feel my flow  
H2O  
I'm calm I chill

I creep like Michael Myers then kill  
Stab you so many times  
These crimes appear on the 7th sign

Chorus  
Who's smoking in this  
Silent thinkers spark owls  
Who's smoking in this  
Who's smoking in this revolution pow

It's not that hard to tell  
When I'm high as hell  
My eye balls tangibly swell  
Everytime I inhale  
So roll up a blunt or pass the bowl  
The weight of the world is paying it toll  
Creepin up from the depths of my soul  
Like Alice in Wonderland  
Fallin down the black hole  
I'm overwhelmed by cannabis  
Expanding upon this  
While most of yall ain't understanding this  
The Grooveyard is amplifying the wattage  
My lyrics simulate theological knowledge  
And inquisition  
X-ray vision  
As I transistion  
Silent thinking individual addiction  
Blessed by the 7th sign  
I move through time in bind  
Metaphysics  
In the material presence  
Taking you back to the essence  
With my die tactic rhyme tactic  
The number one asset  
The truth burns like lactic acid  
Into my fast tongue hatchet  
The ignorant will never catch it  
Saturated color  
I'm the 9th wonder  
Sent here to pillage and plunder  
Inherently mundane  
Take a walk in my brain  
As I explain  
The subjective mainframe  
Of the first born the was slain in vain  
Carried by the talents of a ancient crane  
A angel cries  
In lies in a man's eyes  
Smoking together  
Creating tides united as one

Under the black hole sun  
Three minds comes together as one  
Mesh lovely  
Ideally  
Majestically thinking moves freely  
Concretely  
To a more formal operation  
Dissecting information  
Independently  
I see through ignorance with one glance  
Fat chance  
Empirical knowledge I'd the key  
Five senses mastery  
Aristotle taught me  
It's a Pedi cultural theory  
Prophecy  
It's how I see  
Shallows how I used to be  
Now I'm more malleable  
Fallible  
To that curse you were born with  
I've arrived to my coarse  
To a higher source  
Unattainable to your narrow mindedness  
If you think you can top this  
Then ignorance is bliss  
One shot and I won't miss  
Right on target  
Branded like the scarlet letter  
Silent thinker kid you know I'm better  
Muthafucka

Chorus  
Who's smoking in this  
Silent thinkers spark owls  
Who's smoking in this  
Who's smoking in this revolution pow

Off top off top  
Who's smoking in this  
I grab the mic and squeeze tight  
As a boa constrictor  
On a scale of 1 to 10  
I blew a 50 off the Richter  
Without the Mickey's deuce deuce  
Still the rugged rhyme inflictor  
Feel congested?  
Only getting sicker  
Spark mad white owls  
Plus shots of liquor  
Wyze G silent thinker

Puffin skunk heavy drinker  
Bring it right to your dome  
That's word to Mickey Red, Young Dub and my nigga  
Rome  
Who's smoking in this  
Ah silent thinkers spark the la  
We getting dusted  
Yo yo I'm blasted  
The dutch is mastered  
So pass it pass it  
My I'll white boys bustin of the cocaine and acid  
It ain't no party if my team ain't crashed it  
No doubt  
You know damn well what the deal  
Silent thinkers spark owls  
Keep it on the real  
Me and Mark 7 we roll nice like dice  
When you hit that three 11  
I'm hell bent but descended from heaven  
Shorty Smooth spit a narrow dart  
Through your heart hit like a poison arrow  
Lyrical legacy just like the ancient pharaoh  
Wally Junior Knight  
We a alike see alike  
Everytime I recite the rhyme  
I spray the mic  
With the material  
Elevate and levitate  
My skills with the mental power  
Elusive kinetic  
Electromagnetic  
Don't let me set it  
You pathetic punks get wet'd  
And left with no rap credit  
Debt'd  
Silent thinkers spark owls  
All day in the AK I play  
Cee-lo One love  
Represent my peeps Twin, C Will and D-low.
