Wally Boy Wonder taking you on a lyrical invasion

My pen lines blast
Through paper's solid mass
My eerie mind too advanced
Opposed to those who need to enhance
Their sharp tongue rhyme skills
Mine iller than a windmill
Kung-fu kick to the grill
I shine on sight
Rockin old school three stripes
Rappers delight
Junior Knight creeps through
With the clown at midnight
Slice heads off
My axe pulls back
And chops your wig
Into quarter halves
45 degree quarterbacks
I attack with the precision of Miramax tracks
Do the math
Soak into my mental bath
Bubbles
Marty Mcfly time troubles
My mythical puddles splash with my acid flashbacks
Marijuana karma
Smoke with me and I'll match
Re-align mind signs from the gods on the sideline.

Chorus

Murders are solved with the element of surprise
Abstract in the art of telling lies
The thrill of the stars that shoot through the sky
My mind is behind Northern Lights.

Observe this greatness in the making
Baking with my peoples
Reaching them through high steeples
Close to the clouds
Ghost Towns relive life
With my coming around sound
Opera house clown

Murder you beings with loud pronouns
Pennywise straight from where the thoughts float
These paper boats attract these fuckin kids for the
Cut throat.

Chorus

Murders are solved with the element of surprise
Abstract in the art of telling lies
The thrill of the stars that shoot through the sky
My mind is behind Northern Lights.

Slit dutch masters
Filled with green majik
Causes dope lyrics
Also known as tragic
When I grab my pen
In scripted my golden rule
Into two tablets
I defeat you when we duel
Fuel the ride
Slide down the strip
Free style flip
It's I'll hectic like a Korn pit
Smoked out, blaze
Gaze at the ocean
And the tide is high like myself
Wally Sparks with another verse
Attracting angels times never worse
Wally Sparks with another verse
Attracting angels times never worse
Rhymes first then burst
Like fireworks in my black hearse
Caution I might curse
Fuck duck they're shooting
Skunk nuggets
Smoked blaze
Comets gaze causing earthquakes to shake.

Chorus

Murders are solved with the element of surprise
Abstract in the art of telling lies
The thrill of the stars that shoot through the sky
My mind is behind
Murders are solved with the element of surprise
Abstract in the art of telling lies
The thrill of the stars that shoot through the sky
My mind.
