To myself:

Wandering the street with lots of girls  
gathering around me with necks full of pearls  
they try to push themselves still closer to me  
can I give 'em enough?  
There's more of them than 3  
I'd like to give you everything I can  
but there's not an endless energy in this man  
you all want my love but sometimes it's too much  
I feel I can't take it and I'll lose the touch  
Why to cry when I'm only one in the line

To the girl:

Why am I just sitting here watching you  
you're like a walking disaster  
I can see through you  
you think you're a star,  
you think you're the queen...  
but your mind is burning  
though your hearth is gold  
you make dirty tricks and your love is so sold  
but you never realize that you ain't really no.1  
if you don't change your ways  
your life is gone  
Why to cry  
when you are only one in the line  
don't you know  
that this is only one in the line  
This is only one in the line!  
Beautiful people always have problems!  
(wish I could be an eagle...)

To the planet:

Many many fucking big worlds  
have come and gone  
this is only one planet  
like I am only one son  
we'll never ever make it, we can only  
lose you can't save my life,  
it was made to be used  
we are nothing really special,  
only one in the mode  
there are many planets that we could explode

there's not much time for stupid fight  
just do it, do it: choose right!  
why cry when we are only one in the line,  
don't you know  
this planet's just one in the line  
this is only one in the line!
