So one, two, three, four
We just wanna have some more
So c'mon
RAP RAP RAP...
Rap your body beat, rap your body beat
Rap your body beat (move your body!) rap your body
beat
Rap your body beat...
CHORUS:
Money comes to the sound (money comes to the
sound)
Money comes to the sound (money comes to the
sound)
RAP RAP RAP...
Rap your body beat (RAP YOUR BODY BEAT!)...
CHORUS
Money comes, money comes, money comes (oh my
God!)
Money come (I got the power!), money comes, money
comes
(I don't know where this world is going to)
(I got the power!) money comes, money comes, money
comes
Money comes (all right!)
Money comes (all right!)
Money comes (all right!)
Money comes! ARRGGHHH!
Rap your body beat (rap your body beat)...
