CHORUS:

I'm tired of all these people, tired of all their lies

Used to be friendly, I don't discriminate

Rap:

I think I'll start to live as clown

'Coz I'm bored by people wearing a frown

I wanna take off to somewhere else

To see some people out of thei shells

In New York City, New York town

Everybody's shaking all over the ground

And here my body wants to kick that mean old lady ...

I'm tired of all these people (YEAH YEAH YEAH)

I'm tired of all these people (YEAH YEAH YEAH)

I'm tired of all these people, tired of all their lies

Used to be friendly... Why?
