Are you in now?
Are you in now babe?
Hello from nowhere
Hello you backwards
It seems to be really cold out there
Better keep a long distance
Nice to meet you, funny guy, you
look so sad, moving around and
around
Clap your hands, clap your feet,
make your way through blindfolded
Every night, every day, where your
head goes it's the wrong way
Step ahead, step behind
everywhere, all the same kind
Isolation seems to be what you
deserve
You were trying, but now the beast
is in your head
I see the Wall Street
I see high buildings
Too much to take, too little to give
Strange, you're still aiming to the
clouds, anyway!
Isolation is the state we'll keep you in
Still we're worrying, worrying 'bout
your head spinnin'
See me flying, I would have so
much to give
But you're lazy, you just need more
things for living
CHORUS:
Beat it, leave it, baby, beat it
Beat it, baby, life's not such a
graveyard
Beat it, leave it, baby, beat it
Beat it, man, you are much more
than you think
Beat it, leave it, baby, beat it
Beat it, baby, life's not such a
graveyard
Beat it, babe, that's not really

Beat it now 'coz you have much
more to give
