Rolling Stones - High And Dry

High and dry well, I'm up here with no warning
High and dry well, I couldn't get a word in
High and dry oh, what a way to go
She left me standing here just high and dry
A minute I was up there standing by her side
The next I was down there, well, left out of the ride and
High and dry oh, what a way to go
She left me standing here just high and dry
Anythin' I wished for I only had to ask her (yep)
I think she found out it was money I was after
High and dry oh, what a weird letdown
She left me standing here just high and dry
Alright
It's lucky that I didn't have any love towards her
Next time I'll make sure that the girl'll be much poorer
High and dry oh, what a way to go
She left me standing here just high and dry
High and dry well, I'm up here with no warnin
Yep
High and dry well, I couldn't get a word in
High and dry oh, what a way to go
She left me standin' here just high and dry
Well, she left me standin' here just high and dry
Well, she left me standin' here just high and dry
Hey!
