Seems you're an angel from the sky  
You fill my fantasy  
The way you look takes me so high  
You're everything to me  
And on my wall there's your photograph  
How I'm longing for your smile  
So come and touch me,  
Come and feel me. Hear me cry

You're my love, you're my life  
Every day, every night  
Is it right what I feel  
How I wish you were for real  
You're my love, you're my life  
Every day, every night  
In my dreams I'm with you  
Will you make my dreams come true

I'm all alone, the night has come  
You're in my radio  
Guess when you sing  
I feel the sun  
Now I can hear the show  
Since from ever more you my destiny  
Take my loneliness away  
So come and touch me,  
Come and feel me, hear me say

You're my love, you're my life  
Every day, every night  
Is it right what I feel  
How I wish you were for real  
You're my love, you're my life  
Every day, every night  
In my dreams I'm with you  
Will you make my dreams come true

Since from ever more you my destiny  
Take my loneliness away  
So come and touch me,  
Come and feel me, and me say

You're my love, you're my life  
Every day, every night  
Is it right what I feel  
How I wish you were for real  
You're my love, you're my life  
Every day, every night  
In my dreams I'm with you  
Will you make my dreams come true
