Hey you, come with me, to a world of billionaires
See me, I'm da bomb, drinking champagne down at
Pierre's

All the people that I'm meeting, are so friendly and
perceiving
When they smile
Some are talking 'bout their feelings, and the stocks
that they are dealing
So they cry, don't wanna say bye

I am coming back from Mars, where they drive in fancy
cars
And the King he is okay, he is coming home today
I am coming back from Mars, where there are no cheap
cigars
And Elvis has said, that I could be just like they are

Meet the stars - they're from Mars

Baby, it's glamour, throwing bills up in the air
Back off, I'm too hot, eat the oysters if you dare

Saying hi to Mister Shoe Shine, passes by a Missus Diva
Stop and stare
This is oh so just fantastic, I will live my life in plastic
Check the hair, and see what I wear

I am coming back from Mars, where they drive in fancy
cars
And the King he is okay, he is coming home today
I am coming back from Mars, where there are no cheap
cigars
And Elvis has said, that I could be just like they are

Meet the stars - they're from Mars

We are porno stars, sucking big cigars
We are the pop stars, we cannot play guitars

I am coming back from Mars, where they drive in fancy
cars

And the King he is okay, he is coming home today
I am coming back from Mars, where there are no cheap
cigars
And Elvis has said, that I could be just like they are
Meet the stars - they're from Mars
