When my time is only
Passing me from day to day
And I'm feeling lonely
About the best thing I can say

You will understand me
Nevermind what they try to hand me
Won't you say you will?
Won't you say you will?
Take me to your heart, dear
Won't you say you will?

Once I lost a good thing
I just let it slip away
But now I'm lost and looking
Trying to find that thing today

Will you ever hear me?
Say "I need you near me"
Won't you say you will?
Won't you say you will?
Take me to your heart, dear
Won't you say you will?

Find a way to help me see me
Find the higher place
Don't you know only you can free me
From this crazy chase

Find a way to help me see me
Find the better place
Don't you know only you can free me
From this crazy chase

Won't you say you will?
Won't you say you will?
Take me to your heart, dear
Won't you say you will?

Won't you say you will?
Won't you say you will?

Won't you say you will?
Won't you say you will?

Won't you say you will?
Won't you say you will?
Won't you say you will?
Won't you say you will...
