[Verse 1]

There is no fear in love
There is no fear in love
Because perfect love drives out fear
There is no fear in love
There is no fear in love
[repeat]

[Verse 2]

Oh it's I in you and you in me
There is no fear in love
There is no fear in love
[repeat]

[Verse 3]

Because perfect love drives out fear
There is no fear in love
There is no fear in love

[Verse 4]

Because it's I in you and you in me
There is no fear in love
There is no fear in love
And my finite frame, filled with eternity

[Tag]

He drank our suffering, He paid our ransom
We drink His wine and we gain His redemption
[repeat]
